

FINANCIAL MANAGEMENT

Chartered Asset Manager (CAM)

The curriculum for the Asset Management Executive Certification is geared entirely towards the focus on asset management and specialist financial planning. A core group of specialty graduate topics focuses on the major functional issues of asset management planning, ranging from strategy to risk management. This is a specialization program to the entire subject; introducing, defining and explaining the concept of asset management.

Certification Issued By**International Financial Institution Society (IFIS - USA)**

IFIS is a global network of professional services organization providing Financial, Client Solutions, Assets Management and Accreditation services. We have 62,000 outstanding professionals working together to deliver value in 15 countries.

Membership from**HIGH AUTHORITY COUNCIL FOR CHARTERED ACCOUNTANTS (HACCA)**

HACCA is a world leading professional membership organisation that promotes, develops and supports chartered accountants worldwide. We provide qualifications and professional development, share our knowledge, insight and technical expertise, and protect the quality and integrity of the accountancy and finance profession.

Who Should Attend?

The people for whom this training will be the most valuable are those that are new to working in asset management, or for those that deal with some aspects but would greatly benefit from being able to understand the whole picture. It is also for anybody who wishes to examine how managers should interact with the physical world and in particular the assets that are used by a business to generate wealth.

Qualification Certification

Completion of this course entitles you to receive the academic designation of Chartered Asset Manager™ or CAM™. The CAM course is a combined designation program. Any delegate successfully completing this course who then registers with the IFIS will be eligible to use 2 designations.
